A wide range of individual treatments are available using the Elemis range of products, Professional Beauty Industry awards winner 2005. The Elemis range of advanced skincare formulations and professional spa-therapies provide life-enhancing solutions for every man and woman. Karen, as an experienced health and beauty therapist, prescribes and uniquely ensures treatments are tailor made to suit your needs in an un-hurried and relaxed atmosphere.

Elemis lead the way with new ideas and discoveries, providing spas with unsurpassed aromatherapy products and holistic spa therapies for their clients. It is the preferred aromatherapy range in over 600 spas worldwide. Elemis is more than a product range. It is a way of life. To complement the products an entire treatment menu has been created.

Elemis facial products are renowned for their exceptional massage sequences combined with the most unique, scientifically proven plant actives available in the world today. For more intensive booster skin treatments, the Elemis Advanced Anti-Ageing and Advanced Performance Facials offer remarkable, long lasting results, stimulating cellular activity, boosting circulation whilst effectively treating the face and eye area.

Focusing on the relief of specific stress and muscle tension, Elemis deep tissue muscle massage combined with specially blended massage oils can be tailor made to suit the individual needs of the client.

The Elemis Aroma Spa Ocean wrap treatments detoxify and deep cleanse the body inside out, combining the riches of sea plants and marine algae with aroma-therapeutic actives.

Deluxe paraffin wax manicure and pedicures are available. Doctors and physical therapists have used hot paraffin treatments for decades for those suffering from symptoms such as arthritis, bursitis and even just tired swollen feet.

The Ultra Visage™ treatment uses micro-current in combination with deep cleansing and penetration of active ingredients; the treatment offers the ultimate facial care. It is preventive and corrective, so suitable for all ages and is referred to as a "Non-Surgical Facelift".

We would like you to think of the Day Spa @ at Desert Springs as your own private quiet zone where silence, subtle music and soft conversation reign. To ensure your relaxation and that of others is not disturbed we request that your mobile phone is switched off and if you bring children, that they are quiet and well behaved during your visit.
